Gordale is very easy to find on the Chester High Road, midway between Chester and Heswall, around 7 miles from each, and around 10 miles from Birkenhead. Just look out for the brown tourist signs.

From Hoylake and Heswall, follow the A540 towards Chester. Gordale is located on the right hand side of the road, approximately 7 miles from the Heswall Glegg Arms Roundabout. Turn right into Gordale at our new traffic lights.

From the M53, leave at Junction 5 and follow the A550 towards Queensferry. Turn right on the A540 at Two Mills and follow the road. Gordale is just past WaterWorld on the left hand side.

From the M56, follow the motorway to the end at junction 16. Turn left on to the A5117, then right after a short distance, on to the A540. Gordale is just past WaterWorld on the left hand side.

A guide to selecting trees for your garden

When choosing a tree, not only do you have to think about what it does above ground, but also what it does below ground. Some trees have larger root systems than others.

The most common damage caused by roots are to pavements and boundary walls which have little or no foundations, although on occasion damage can also occur to buildings.

Overhanging branches!

A tree or shrub belongs to the owner on which it grows, even if its branches or roots go over or under adjoining land. This includes the branches and the fruit of any tree or shrub. Remember you need the permission of your neighbour to enter their land if pruning is required, however branches that grow so as to overhang your neighbour's land are trespassing on his airspace. The neighbour has every right to chop the branches back to the boundary line if required.
